25-30 HP  
ROTARY SCREW COMPRESSORS

## Apex Series

Experience **Proven Results**  
with Gardner Denver—the Leader in  
Durability, Reliability & Efficiency

# Driving the Market

Gardner Denver has a rich history of manufacturing compressed air equipment and has proven to be at the forefront of the market. The Apex™ Series continues that tradition with reliable, professional grade performance that gives you all the air you need each and every time you need it.

## The Total Package

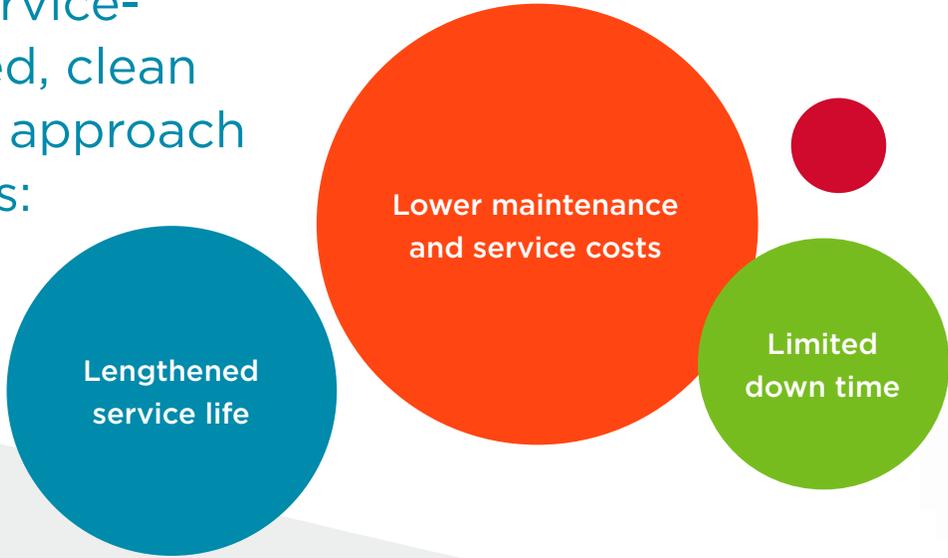

Gardner Denver has the total package—extensive compressor and air treatment product lines, sales and service support through our extensive network of authorized local distributors, and industry leading warranty programs. Because we offer more than just compressed air equipment, we can provide solutions that keep you running, protect your production objectives and save you money.

# A Whole New Level of Serviceability

Designed with the customer in mind, all Apex Series compressors feature a clean, simple and service-friendly layout.

This service-oriented, clean design approach ensures:

The diagram consists of four circles of varying sizes and colors arranged in a row. From left to right: a large teal circle, a large orange circle, a medium green circle, and a small red circle. The orange circle is the largest and is positioned in the center. The teal circle is to its left, the green circle is to its right, and the red circle is to the right of the green circle. The text 'Lengthened service life' is inside the teal circle, 'Lower maintenance and service costs' is inside the orange circle, and 'Limited down time' is inside the green circle.

Lengthened  
service life

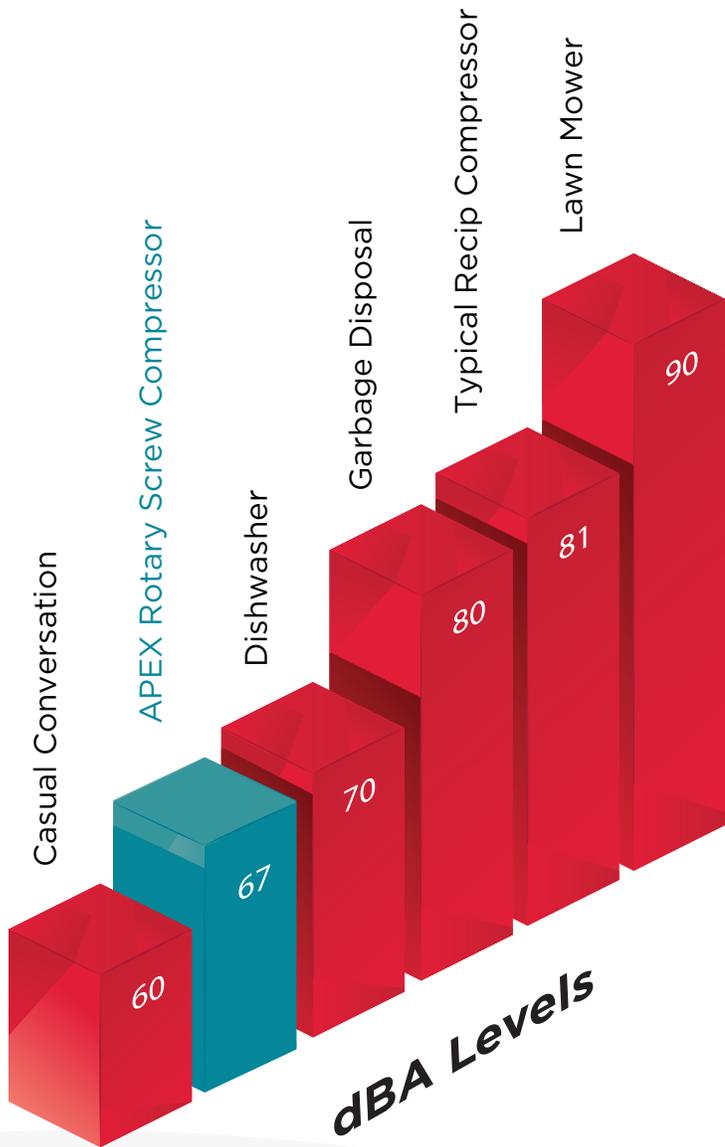

Lower maintenance  
and service costs

Limited  
down time

# More than just an **Efficient** Compressor

## Quiet

With dBA levels as low as 67 dBA, the Apex can be installed next to the point-of-use. This removes the need for a separate compressor room; saving you money on installation costs. Choose the Apex and experience a truly quiet compressor.

## Small Footprint

The Apex Series 25–30 HP compressors feature an integrated airend design. This design eliminates unneeded connections and minimizes piping—allowing the footprint of the package to be reduced. When space is valuable, choose the Apex.

## High Performing

The integrated airend design and TEFC motor allow the Apex to be one of the highest performing small horsepower machines on the market.

TOTAL SYSTEM

# The Total System™ is the Complete Package

## Efficient Apex Compressor

Each Apex Total System™ comes equipped with the energy efficient Apex Series compressor. We designed the Apex with the dynamics of variable speed technology in mind. By taking this route, we have produced a package that maximizes the efficiencies of variable speed and products market-leading energy savings. When it comes to small horsepower efficiencies, the Apex is at the top of the market.

## Horizontal Receiver Tank

The Total System's small footprint is due to our ability to mount the compressor, and optional dryer, on a horizontal receiver tank. This design reduces the footprint required for installation by more than 50%.

## Oversized Refrigerated Air Dryer

By design, the optional refrigerated air dryer found on the Total System™ package, is oversized. This guarantees top performance with low pressure losses and dewpoints as low as 38° F. Each dryer comes equipped with an integrated Grade B filter. Upgrade to the optional cold coalescing filter for added protection.

### Three-Way Bypass Valve and Stainless Steel Piping

The standard three-way bypass valve found on the Apex Total System™ allows for dryer maintenance while the compressor is running. This, coupled with the corrosion-resistant stainless steel air supply piping minimizes the chance for costly leaks.

### Zero Air-Loss Automatic Tank Drain

As the name suggests, the design of the Apex Total System™ took into account the total compressed air system. Small details like a tank drain were considered and each Apex Total System™ features, as standard, zero air-loss automatic tank drain to ensure no air is expended unnecessarily.

# Information at Your Fingertips

The AirSmart G2™ from Gardner Denver is more than just a controller—it's the lifeline to understanding your system's operation. With built-in digital gauges, a maintenance dashboard and real-time and historical trending, the AirSmart G2™ gives you the information you need at your fingertips.

## Ensure Your Compressed Air System Remains a Total Package

### Replacement Parts

Gardner Denver air compressor parts have tolerances as low as one-ten-thousandths of an inch. Keep that in mind as you decide where to purchase your replacement parts.

# Keeping the System **Healthy**

## Factory-Specified Parts & Accessories

Each and every part that goes into a Gardner Denver compressed air system is tested and approved by our world-class Engineering team. Don't trust some faceless pirate to supply the vital parts and accessories that keep your compressed air system healthy. Where will they be when their knock-off parts cause problems for your operation?

## Service Components

Oil filters, separators and air filters are specified and designed into a Gardner Denver compressor as part of the total package. Replacing these components with genuine Gardner Denver parts ensures that your compressed air system remains a total package.

# Lubricant Solutions

## Meeting Demands

Also known as the “lifeblood” of the air compressor, choosing the correct lubricant is vital in maximizing efficiencies and equipment longevity. Whatever your application, there is a Gardner Denver AEON lubricant formulated to meet your demands, head-on.

High Temperatures Semi-Synthetic

# Best Warranty in the Industry

## Experience Peace of Mind

Gardner Denver's engineering philosophy ensures long-lasting, reliable equipment. Our simple, but bold warranty programs demonstrate our belief in the quality found in Gardner Denver compressors.

Our standard warranty ensures that you have peace of mind when it comes to your system's operation. For added protection, take advantage of our 10-year extended airtend warranty program. Simply stated, it's the best in the industry.

Superior Support  
at a Local Level

# Sales & Service **Distributors** Across America

## An Extensive Network

By leveraging the extensive network of Gardner Denver factory-trained authorized local distributors, your sales, service and technical support needs can be handled quickly and easily.
